

Lama Abdulhamid Aljohani

Information Technology Graduate

✉ lamaaljohani13@gmail.com ☎ 0563542407 🌐 Lama Aljohani

Profile

Information Technology graduate with hands-on experience in UI/UX design, software development, and data analysis. Completed an internship at Saudi Aramco, contributing to internal digital solutions and improving user experience through structured design and development work. Skilled in building user-centered digital solutions and interested in digital transformation within enterprise and banking technology environments.

Education

Bachelor of Information Technology

King Abdulaziz University, Jeddah, Saudi Arabia

Graduated: June 2026

Experience

Saudi Aramco | Information Technology Summer Trainee

Dhahran, Saudi Arabia | June – August 2025

- Developed an internal resource hub, improving access to departmental knowledge and reducing information retrieval time.
- Built an interactive assessment tool using JavaScript and JSON for employee training evaluation.
- Improved user experience by restructuring information architecture and content flow.
- Collaborated with cross-functional teams to identify process inefficiencies and propose digital solutions.

Projects

Rafiq | AI-Powered Tourism Companion

- Developed a Flutter-based AI-powered tourism application integrating APIs and recommendation systems.
- Designed intuitive UI/UX to enhance user engagement and travel experience.
- Contributed to system design, testing, and product documentation.

Buildodoro | Productivity Tool

- Developed a gamified productivity application based on the Pomodoro technique.
- Designed interactive features to improve task management, motivation, and user engagement.

Tiny Genius | Educational App

- Designed a child-friendly educational platform using gamified UI/UX principles.
- Enhanced learning engagement through interactive activities and intuitive interface design.
